

Virtual Visit Instructions

- Your next orthodontic appointment will be a virtual visit! Complete your visit on or before:

Leveraging 3D printing and CAD/CAM software, Dr. Hopkins designs aligners and braces specifically for you! This customization allows your teeth to move more efficiently, and your treatment will progress via virtual monitoring. This reduces office visits, and prioritizes the health and safety of our patients and team members.

Please note that the fastest way to get in contact with our orthodontic team is via text at (803) 594-4832. You may also email us at ortho@palmetto-smiles.com.

1 Supplies needed

Two spoons

Cell phone camera

2 Take photos

Smiling

Lower teeth

Upper teeth

Left side
